He saw action with the first division in Italy and Sicily with the R.C.A.S.C. and also served in Belgium, Holland, France and Germany.

Gnr. Clark, who is en route to Regina, Sask., is spending a leave in Newmarket with his parents, who live on Eagle St., and his sister, 11 Simcoe St. His wife came from Saskatchewan to meet him.

NO ICE

There will be no hockey games tonight because of lack of ice.

USE DYNAMITE TO BREAK UP BRIDGE PIERS

With the rattling of windows across town answering each explosion, a Toronto firm was employed Monday and Tuesday of this week destroying the concrete bridge abutments along the old Metropolitan trolley right of way north of Queen St.

The heavily reinforced concrete defied the efforts of a crew of men using air drills to break it down. Frank Bowser, chairman of the roads and bridges committee of council, reported some weeks ago that work by way of air drills was too slow and too expensive, and that he was going to use dynamite.

By late Tuesday, all that remained of the two bridges was a mass of crumbled and broken concrete which will be carted away for reinforcement material.

Only casualty reported was a flock of grosbeaks nesting in the west side of town. The explosion drove the birds away uttering cries of protest.

TOWN NO OBJECTION TO VETERANS' BINGOS

Solicitor for the town, N. L. Mathews, K.C., was authorized by Newmarket town council Monday night to write the Newmarket Veterans' Association, saying that the council had no objection to the bingos being held by the veterans.

Bert Ward, president of the veterans' association, appeared before council to ask that the council give its permission to hold bingos. Mr. Mathews pointed out that the law said that bingos to raise funds for charitable or religious purposes were legal providing they were held "occasionally."

TO INSTALL HYDRO

'Temporary Chapple' Has 121st Birthday Jan. 20

It is a far cry from the little "temporary chapple" or school house of slabs 24 ft. long and 20 ft. wide near Mr. Tyson's house, as Trinity United church was described in its beginning, to the present church on Main St. Built with the assistance of Indians, Trinity United church is celebrating its 121st anniversary with special services beginning January 20.

In a book, One Hundred Years Of Methodism In Newmarket, compiled by a former editor of The Newmarket Era, Lyman G. Jackson, the following extract is found, taken from a contemporary account:

"Completed the school house this afternoon which cost 75 6d in cash. Held a meeting in it before sunset and the good Lord was pleased to pour out His spirit abundantly. Peter Jones was the preacher. He preached in English and Indian. The congregation largely Indians, French and half-breeds. The first school teacher, Brother Law."

From such a beginning has grown the present, well-equipped church with a membership of more than 700. Speaking during the anniversary services which begin January 20 will be the moderator of the United church of Canada, Rt. Rev. Jesse Arp, B.A., D.D., who is the spiritual head of 2,204,875 persons, according to the 1941 census. He is leaving Canada for Geneva, Switzerland, immediately after speaking in Newmarket.

Other speakers during the anniversary services are Rev. J. R. McIntyre, M.A., D.D., secretary of evangelism, Rev. F. W. L. Brailley, B.A., Gleebe Road, Toronto, Rev. Victor L. Mooney, B.A., D.D., Windsor, and Col. the Rev. Sidney B. Lambert, O.B.E., popular padre of Christie Street hospital and president of the Canadian Amputations Association.

HEY ANDY!

Andy Clarke, in his broadcast on Sunday morning, told of a woman who invited a cabbage butterfly into her home, where it flitted around her house plants.

Golden Glow has a dark brown and black woolly caterpillar crawling around her back veranda this week, but, says she, "I'm not inviting it in—I don't think it would be very good for my houseplants."

Clear Dam At Huron St. To Lower Water Level

Men of the road and bridges department of Newmarket were busy Saturday afternoon and Sunday breaking up ice at the dam north of Huron St. to give the heavy flow of water down Bogartown creek and Holland river a free passage.

Heavy rains followed by warm temperatures cleared the town of snow and brought the water levels close to flood height. Water in the Bogartown creek was within two feet of the bridge on Queen St. Sunday with one or two flooded cellars being reported along its route.

The Specialty flats were partly flooded and as the water receded, large blocks of ice were left on the banks.

With a temperature of 58 below zero reported Sunday afternoon, a recent news story from Ottawa states that Dr. R. E. DeLury, solar physicist at the dominion observatory, believes that the remnant of the winter will be colder with more snow than last winter. He blames it on the sun spots.

THREE NAMED TO MUNICIPAL HEALTH BOARD

Newmarket town council passed three by-laws at its inaugural meeting Monday night. The by-laws dealt with the appointment of a three-year member to the high school board, three members of the board of health, fenceviewers, poundkeeper, engineers for the fire brigade, representatives on the hospital and library boards and the third by-law authorized the town to borrow up to \$40,000 to cover the period between the first of the year and the period when the taxes come in.

Mrs. Caroline Edwards opened discussion of the appointment of board of health members by suggesting that health convenors of service clubs be named. "In this way, there would be unity between the various service organizations and the board," she said. The names of Dr. S. J. Boyd, Mrs. M. B. Seldon, Dr. C. E. VanderVoort, Dr. J. Gordon Cook, Mrs. Anne Bell and R. C. Morrison were placed before council and in the vote that followed, Mrs. Bell, Mr. Morrison and Dr. Cook won positions on the board.

Asked when the medical officer of health was appointed, Mayor Dr. L. W. Dales said that he was appointed by by-law, separate from the board of health by-law, and that the appointment was subject to the approval of the provincial department of health. "Could Dr. Cook accept the position of medical officer of health if appointed?" asked Mr. Morrison. "Yes," replied the town solicitor, N. L. Mathews, K.C.

Newmarket is entitled to increase its board of health by two because the assessed population of the town has passed the 4,000 mark. "It is the first time I recall a vote on members of the board of health," commented Mayor Dales, who as mayor, is also a member of the board.

WOMAN HEADS VOTE FOR SUTTON COUNCIL

J. D. Sibbald was returned as reeve of Georgina by a narrow margin over his opponent, G. N. Graham, Udora, in the January 7 contest. Mr. Sibbald polled 352 votes to Mr. Graham's 344. Members of the council, all acclaimed to office, are Herb Crossberry, Sutton, J. A. Foster, Pefferlaw, Wilfred Riddell, Baldwin, and J. C. Taylor, Pefferlaw.

W. H. Pugsley was acclaimed as reeve in Sutton and Miss Lillian Holborne led the polls to win a seat in the council with 222 votes. Chas. Scott, Frank C. Culverwell, Harvey Taylor were elected with 218, 217, 214 votes respectively. Norman Mitchell polled 137 votes as losing candidate.

Reg Sedore, Wm. Sellars and Mrs. Cora Pearson are the public school trustees at Sutton. Ross Folkard was re-elected for the seventh year to the school board of school section 6, Deer Park, Roche's Point.

JUNIOR FARMERS MEET

The Sharon Junior Farmers' club met at Sharon January 3 when J. B. Bastedo and Brock Ramsay were guest speakers. Speaking on sports, Mr. Bastedo stressed their value in developing citizenship. Recently back from India and Burma, Mr. Ramsay described life in those countries and told some of his experiences. Don Cockburn assisted by showing pictures on the screen.

Addressing his new council for the first time, Mayor Dr. L. W. Dales named as requiring immediate consideration by council:

Lighting. "Lighting in Newmarket is not worthy of a town this size."

Memorial auditorium. "Must get on with this job. We must make plans for central heating of auditorium and town offices as well."

Fire protection. "It is inadequate at present. Should plan for someone always on duty at the fire hall."

Housing. "We must plan in the buying and selling of town lots in order to give maximum use."

Health and recreation. "This must be taken care of immediately. It must be a town plan, made up with the support of and representation from town organizations."

Mayor Dales, saying he was honored by having a valuable council, asked all members to give their first loyalty to council. "We will have differences but let them be differences of principle and not personalities," he said.

TAX 'CUSHION' SAID ESSENTIAL TO TOWN

A tax-rate which would provide Newmarket with a reserve for unexpected spending was urged by H. E. Lambert, manager of the Bank of Toronto here, at the inaugural meeting of the Newmarket town council at the council chambers Monday night. "The tax-rate has gone down in recent years," he said. "Don't let it go too low."

There have been no borrowings and there is a substantial bank credit, he continued. "The debenture debt is going down and, believe me, those things are watched by men who deal in debentures," he said. "It gives Newmarket an excellent name."

He praised the industrial committee for its work but pointed out that the increased industrialization of Newmarket meant the need for improved services by the town. "There is the need for better fire equipment, for a new home for the council," he said. "The present office on Main St. is taking up valuable business space."

Mr. Lambert repeated that with the year ahead bringing so many changes to Newmarket, that a "cushion in the budget" was of utmost importance.

MISS MARY McHALE DIES FIRST OF YEAR

Miss Mary McHale, formerly of 25 Niagara St., died in York County hospital New Year's night at 7:30. She had been ill 18 months. In retirement the past 20 years, Miss McHale had been employed in the millinery business in Toronto.

A resident of Newmarket for 70 years, Miss McHale lived at 25 Niagara St. with her brother, Charles, for 25 years. He predeceased her two years ago. She lived quietly, her chief interest being her home and her church.

Miss McHale had been in Lady of Mercy Hospital, Toronto, for nine months prior to coming to York County hospital. The last of her family, she is survived by five nephews, Bernard, Francis, Maurice, Basil, Newmarket, and Wilfred, Toronto, and one niece, Mrs. Herbert Hugo, Newmarket.

Optimism Features Inaugural Meeting Of 1946 Council

The 1946 council of the town of Newmarket was sworn in at the first statutory meeting of the year Monday night at the council chambers. An air of optimism pervaded the council chambers as Clerk Wesley Brooks took the oath of each member of the council. In their inaugural addresses, council members bore out that impression, each stressing the importance of the year ahead and the many advantages it held for the town.

Rev. Gower A. Stone, St. Paul's Anglican church, led the council in prayer following a period of silence in tribute to those of Newmarket who laid down their lives in defence of Canada. Saying he had confidence, as did the citizens of Newmarket, in the members of council, Rev. Stone said that they had little thanks for their work but "the sound thinking citizen realizes what is being accomplished on his behalf and is grateful."

Gordon Manning congratulated the council members returning to office and offered best wishes to the two new members, R. C. Morrison and Mrs. J. C. R. Edwards. He said the Office Specialty Mfg. Co. would be willing to co-operate with the town in any "reasonable undertaking."

Lieut.-Col. Newton M. Young, commanding officer of the camp, said that he and the personnel

of the camp felt a very real gratitude for the way in which the town had received the camp. "Newmarket is growing, and I know that as the town extends its boundaries, it will also extend its spirit of friendliness and hospitality," he said. He voiced the need of resuming the Soldiers' club if a sufficient number of men were quartered here.

H. E. Lambert, introduced as the "town banker," praised the council for the way in which it conducted its financial affairs. "You have ended the year with a substantial bank credit," he said. He recalled some years ago when bank borrowing was heavy and noted that bank borrowing had been greatly reduced as had the debenture debt.

Bert Ward, president of the Newmarket Veterans' Association, thanked the council for its co-operation and assistance in the past and assured council the Veterans were ready to reciprocate.

N. L. Mathews, K.C., town solicitor, extended a welcome to the two new members of council, Mr. Morrison and Mrs. Edwards. He noted that the population of Newmarket was over the 4,000 mark and said that there would be increased building in town. He urged council to set the tax-rate in such a way that there would be "a cushion" to keep the "town from getting into difficulties."

Merchants, Camp Victors In First League Game

By BOB BENVILLE

Camp 5 - Veterans 3

Close to 500 hockey fans witnessed the opening of the Newmarket and district hockey league at Newmarket Memorial Arena January 3 when Mayor Dr. L. W. Dales and James Walker, president of the league, officiated at the face-off in the first game of the twin bill.

The Newmarket army boys and the local vets clashed in the opener while the town lads, merchants, clerks, truck drivers or what have you, and the Lake Simcoe boys representing Roche's Point met in the final game.

With the Vets sporting sweat-ers on loan from the Newmarket high school, the Macdonald boys matched stride for stride with the Coswell pets, making the army boys like it. The Vets are improving on each appearance and proved the same by blanking the campers in the first period, scoring goal for goal in the second, losing out only in the final stages when the army rammed home two quickies to give them the edge and victory.

MRS. DAVID W. LEPARD ACTIVE IN CHURCH

Following an illness of two weeks, Mrs. David Wilson Lepard died at her home in Newmarket December 30 at 10 p.m. The former Emily Jane Weller, daughter of the late Mary Morrison Weller and Lafayette Weller, was born on the second concession of Scott township March 1, 1865, and married David Wilson Lepard, farmer now retired, December 25, 1889.

Identified with the Gospel Tabernacle, Mrs. Lepard's chief interest was knitting, making quilts and in her flowers. She was a member of the W.C.T.U. Always active in home and church, she loved singing hymns and two sung at her funeral, Oh For A Thousand Tongues To Sing, and Ashamed Of Jesus, were favorites. She liked to call on shut-in friends and the week before her illness, she walked downtown, a long walk for her age.

Surviving are two sons, Conrad H., Toronto, and Arthur Cecil, Brantford, one daughter, Nora Mabel Quast, Newmarket, a sister, Mrs. Eliza Robinson, Mount Albert, seven grandchildren and three great grandchildren.

The funeral service was held at the chapel of Roadhouse and Rose on January 2 and was conducted by Rev. L. James Lake. Interment was in Newmarket cemetery. Pallbearers were Gordon Billings, Cecil Taylor, S. Third, Lorne Baker, D. W. Evans and M. Easterhouse.

Merchants 4 - Roche's Point 0

Coach Charlie Wallace brought his Roche's Point squad down from the north to hook up with Cliff Gunn's Merchants in the second game of the double bill but we wonder if Charlie would rather have remained in Roche's Point. The towners blinked the red light four times with nary a reply from the Simcoe boys, but this was due mainly to the superb netminding of Johnny Palmater, the "Caradonia rush" and the high-flying antics of Duke "Wings" Dennis. Dennis made so many solo flights "via air" that he should be due any day now for his wings.

The "gunners" had a slight edge in both condition and team play on their rivals although the Point boys deserve all the credit due them in fast company. They played a whale of a game, checked and skated hard but lacked finish around the nets to score much needed goals. The Roche's boys did score towards the end of the second canto but the puck entered the net from Fairbairn's stick after the whistle had sounded an off-side.

A number of friends of Mr. and Mrs. Alex. Eves surprised them on their 25th wedding anniversary, Dec. 28, and presented them with a silver tray.

THURSDAY, JANUARY 10, 1946

1946 HEAVY YEAR FOR COUNCIL

To the spectator, the most notable feature of the first meeting of the 1946 council, was the atmosphere of optimism in the chambers. All indications point to a happy and prosperous year. In Newmarket, as it must be in other municipalities, the emphasis is on growth, on improvement, on provision of better services.

The year will not be without its drudgery, its long committee meetings, its late hours, its thankless tasks. There is no glamor in providing a municipal garbage collection. Yet in the long run, it can be just as important to the municipality as a recreation program. It is not often a bulldozer and some sticks of dynamite come along to brighten the existence of the roads and bridges committee. Mostly it is just plain pick and shovel work. Yet without good roads and bridges, the community would lose its essential unity.

1946 is full of promise for the town of Newmarket. There is much work to be done if that promise is to be realized. Every citizen will be behind the council in the weeks ahead. To the members of council, individually and collectively, our best wishes for a successful year. Echoing Mayor Dr. L. W. Dales, if there are differences, let them be differences of principle, not of personality.

BOARD OF HEALTH APPOINTMENTS

Indicative of the progressive spirit of the 1946 council was the choice of members for the Newmarket Board of Health. At the suggestion of Mrs. J. C. R. Edwards that health convenors of service clubs be named to the board, R. C. Morrison and Mrs. Anne Bell, health convenors of the Newmarket Lions club and the Home and School Association respectively, were appointed by council. Dr. J. Gordon Cook was the third named.

These three, with the mayor and the medical officer of health, comprise the board. The fact that Newmarket's assessed population has reached the 4,000 mark entitles the council to name two extra board members. For the greater part of last year, the board was made up entirely of doctors, Dr. S. J. Boyd, Mayor Dr. L. W. Dales, and Dr. J. H. Wesley, the medical officer of health. This year, there is the weight of the opinions of two non-medical members of the board to balance the medical viewpoint.

The board of health, never an active body, in Newmarket, has become increasingly important in recent years. Legislation giving more authority to the board and to the medical officer of health has been consistently passed in provincial parliament. A system of grants has been provided by the provincial government giving the board vastly increased spending power. With all this, there has been the development of the idea of community health, giving the medical officer increased duties and heavier responsibilities.

In view of these developments, it was only right that the increased board should contain two non-members of the medical profession who are, nevertheless, active as health convenors of service organizations. It is a full time job to keep abreast the developments in public health. Both Mr. Morrison and Mrs. Bell have had some experience in what their duties as members of the board of health will call for. An augmented board with wider powers and more money, made up of members actively interested in health matters, can only be an asset to Newmarket.

OTTAWA ORATORY

We noticed that in his weekly news-letter, which appeared on this page when the federal house was in session, that J. E. Smith, federal member for York North, devoted considerable space to his feeling about long speakers. We imagine that until Mr. Smith became accustomed to the length of the oratory in the House of Parliament that he found several of the speakers most trying. He says nothing of the content of the addresses but, from the manner in which he wrote about them, he found them as boring to listen to as we did to read them in Hansard, the official account of parliamentary proceedings.

We share with Mr. Smith, the hope that some day, a new messiah will come among the members of Parliament Hill preaching the gospel of terseness and brevity, and that the members shall heed him with all their ears. Against that day, however, we pass on to Mr. Smith in the same spirit of protest a conversation we enjoyed with a friend from New Zealand where the proceedings from the New Zealand house have been broadcast for the last decade or so.

Like Canada, New Zealand has a national broadcasting corporation. Like Canadians, New Zealanders were equally fed up with emanations of their representatives. However, since they were far enough away from the legislature, they were not too concerned. But when the New Zealand radio began to broadcast the proceedings of the house, it became a matter for national protest. Politicians inclined towards saying much but saying nothing were promptly telephoned by their irate listeners and told to sit down or else. In no time, the flowery phraseology with which politicians from time immemorial have decorated their opinions was replaced by a bald statement of fact and a quick retreat. Proceedings were hastened and members of house reconciled the loss of their speaking privileges with a gain in longer recesses between sessions.

Could not the proceedings from Ottawa be broadcast here? It would have the same effect, we judge. More than that, it would develop a greater interest in national affairs, the lack of which politicians are continually complaining about when seeking votes at election time. Our New Zealand friend cited an example of such an interest in New Zealand. During debate, one member made several incorrect statements. The next speaker was promptly telephoned and given the true picture by some of those listening over the radio. He in his turn, rose and forced a withdrawal of the former speaker's statements. We can imagine how the telephone lines to Ottawa would hum during some of the recent debates on veterans' affairs if the proceedings were broadcast. What do you think, Mr. Smith? Worth a try?

What Others Think

WOULD NATIONALIZE FARMS

(The Canadian Statesman, Bowmanville)
The editor of the Canadian Statesman has warned more than once that socialism would mean the nationalization of farm land in Canada. His warnings have been pooh-poohed by the C.C.F. faithful, here in Durham county and elsewhere in Ontario, who claimed he knew nothing about the doctrines and practices of socialism.

We summon as our latest witness Tom Williams, the British minister of agriculture, who, according to a Canadian Press cable, has warned the farmers of Britain that failure to co-operate in the Labor government's planned agricultural program might mean nationalization of their land. He said the Labor (socialism) government's policy is intended to "ensure that land is properly farmed, managed and equipped" and that it might be taken from farmers and landowners "who fail to play their part" in a planned agricultural economy.

On Dec. 6, 1943, M. J. Cudwell, national leader of the C.C.F. said: "The C.C.F. is a socialist movement in exactly the same manner as the labor parties of the British Commonwealth and the Anglo-Saxon world are socialist." He has made other statements along the same line, intending to show that the C.C.F. in Canada and the Labor party in Britain are political bed-fellows, advocating the same fundamental policies.

It is best to remember that socialism is socialism no matter where you find it. It is a political philosophy, predicated on fixed social and economic beliefs. If British socialists believe in nationalization of farm land, you can be sure that Canadian socialists or Russian socialists or Chinese socialists believe in nationalization of land. The only difference may be that one group hesitates to admit it openly and frankly for fear it might embarrass the party at the polls.

THE COMMON ROUND

By ISABEL INGLIS COLVILLE

GREETINGS

There has never been and never will be a greeting as beautiful as the "Peace on earth, good will towards men" of the first Christmas Eve.

For many years, that greeting, or others whose spirit has been derived from it, goes from friend to friend at Christmas and the New Year, for what better New Year's motto, especially for this year, have we to live up to?

I suppose, in our blindness, either wilful or stupid, we imagined that "peace on earth" would come with the formal ending of hostilities. We did not seem to realize that there was no peace in men's hearts. Too fresh in the memory of the conquerors was the price they had to pay for their victory; too fresh in the minds of the occupied countries was the price they had paid for resistance; and deep in the hearts of the conquered peoples is the hate for those who had turned the tables on them.

Into this seething mass of hatred and confusion came the chimes of Christmas and the bells of the New Year which are supposed to "ring out the old, ring in the new, ring out the false, ring in the true."

I suppose the quieter the body is compelled to be, the more active the brain becomes, at least it has seemed so to me, spending Christmas and New Year's days repulsing an attack of "flu" which forbade anything but thinking. This brings me around again to greetings. One thing my husband and I noticed among the many and beautiful cards which cheered my room was the return to the real message of Christmas.

So many cards showed the peace and beauty of home, the fireside or the carol singers, or the little homes aglow with light in the snowy fields, or the light streaming from an open church door inviting those within reach

to come and hear the old and beautiful and ever new story of the Incarnation.

So many carried us back to the shepherds and the Wise Men, and nearly every one bore the divine message of good will. Sometimes it seems as if the leaven of that message can never work in the turmoil of the world today, but if we cast our minds back to the night on which it was proclaimed to the few poor shepherds, proclaimed at a time when what was known of the world was in a state of hatred, fear, and oppression second only to our own, and we realize that in all the two thousand years since they have never been lost, we can have hope.

When one is ill, one sees the thought of a friend in every token that comes—a greeting of good will. I suppose it is only from this fountain of good will deep down in our hearts that the ultimate peace on earth, good will to men can come.

Just as a stone thrown into a pond causes ever widening circles, so good will sown in the home, the community, the church and the school, can cause an ever widening extension of its message.

With the end of the war, we thought we would see Utopia. Instead we see fear and strife—fear between this nation and that nation, fear and strife between management and labor, fear between returned men and civilians, fear of inflation, fear of unemployment, fear of want and cold, and strife between ideas and ideals. All nations are fear-ridden and even Christmas has not taught them that the universal solvent lies in three words—"good will to men."

When we have written those words in our hearts, from the least to the greatest, we will have the right to make the first part of the angel's message, Glory to God in the highest and on earth peace, our very own.

Seneca Baker Led Life Of Service To Community

(From The Stouffville Tribune)

Early on Christmas morning, Seneca Baker, who passed his 95th birthday last August, answered the inevitable call that he predicted five years ago would soon come when on his birthday he told a reporter that he would die if he quit work. At that time he was quite busy doing odd things about the farm but soon after he was not able to be about and with failing eyesight, he gradually weakened, although he outlived his fondest expectations. Up to a very short time ago he kept a clear mind and his daughter read the newspapers to him, in which he was always interested. He was a student of public events and early Canadian history.

His long and honorable municipal record was always a matter of pride, and rightfully so. Mr. Baker was elected reeve of Whitechurch first in 1895, returned in 1898 and again served in this capacity in 1907-8, 1913 and 1914, six terms in all during which time he was honored with the wardenship of the county of York in the year 1907. Revenues were not gained easily in those days, for there was many a turbulent battle at the polls.

A staunch Liberal, he had said that it took courage to be a Liberal in his youthful days, for the Irish Tories of that time ruled with an iron hand. Mr. Baker was a great admirer of Premier Mackenzie King and during his latter years he took very tolerant views and could see a lot of good in other parties to which he did not subscribe any support. All through his long career in public life no one ever dreamed of pointing the finger of public scandal at him and he was greatly respected by his opponents for his straightforward dealings.

Back in the days when the rural church was so much a part of the life of the people, when transportation was slow and roads not so good, Mr. Baker contributed much to the life of the Baker Hill Baptist church in its most active days. He used his musical talent to conduct a choir, his other talents to serve in all offices of the church and to lend such assistance as was needed in any department of its activities. A great reader himself, he encouraged the youth along this line and introduced the Sunday-school library at Baker Hill at a time when it was so much appreciated.

Chatting with friends on his 90th birthday, he said that he had no hard and fast rule for long life. Moderate living and a measure of good luck had much to do with it, he suggested.

Seneca Baker, whose father, Joel Baker, pioneer lumber merchant, settled in Whitechurch over a hundred years ago, married Esther Milliken, who predeceased him some years ago. They celebrated their golden wedding in June, 1938.

There survives a family of nine, four sons and five daughters. The sons are Bert and Eugene, Whitechurch; Oscar, Welland; and Morgan, King City, now employed with the Soldiers'

Rehabilitation Commission in Toronto. The daughters are Mrs. Barnes (Tillie), who lived in the old family home and gave such loving and tender care to her father in his declining years, also Mrs. Gilbert (Zillah), Stouffville; Mrs. Cook (Laura), Newmarket; Mrs. Miller (Ida), Sutton, and Mrs. Thos. Simpson (Violet), Ballantrae.

A son, Herbert, died in 1912 and a daughter, Alma, died in 1938.

Also surviving are two brothers, Dr. W. A. Baker, aged 81, Peterborough, and Rev. J. Baker, aged 91, Toronto. Only last summer the three men were able to be together which was quite an unusual event in the history of any family where three of such great age are spared so long.

The funeral service was held Friday, Dec. 28, in Baker Hill Baptist church and was conducted by Rev. D. MacGregor, Stouffville, assisted by Rev. E. Morton, also of Stouffville Christian church. A short service was held at the house, conducted by Rev. Mr. Rowan. Mr. Baker was buried in the Baker Hill cemetery.

GOSPEL ECHOES

"The forward marching servants of God"

REV. G. A. STONE, Rector St. Paul's Anglican church

I want to recall to your minds a familiar story from which I have derived the title for our column this week. The story is written in the 14th Chapter of the Book of Exodus. The Israelites had come to an impasse, "The foe behind, the sea before" and in their predicament they turned on their leader and reviled him for their lost condition. Moses, in his desperation, seeks that guidance which had led him hitherto; and the direction comes to him, clear and distinct, "Speak unto the people that they go forward." March on as though there were no coast-line in front and no sea. You may remember what occurred. Where they expected surely deep waves they found, through some action of wind and tide, such a recession of water as to afford an easy passage over the hard, wet sand. Hurrying along it, ere the tide turned, they were upon the coast of Asia before the dawn. The heavy chariots of the Egyptians, rashly following, could by no means make good their crossing, and were caught by the receding tide.

A nation was born that night, out of a horde of disorganized slaves, and a lesson was learned which afterwards stood them, many a time, in good stead. The lesson was this: Fearfulness, hesitation, and dread of difficulties achieve nothing.

I suggest to our readers that this lesson may be appropriated for our use as we cross the threshold of the year 1946 in every sphere of life's activity, in church, in nation and in our community. Let the motto be: "If the purpose be good, go forward."

Just now, perhaps more than ever, we are dreaming our dreams and seeing our visions of great expansions and developments in these particular spheres above mentioned. And though a thousand difficulties and objections may rise to our minds; and though there may be many adversaries in the way and the waves of this troublesome world may wage horribly against us, yet not for a moment must we be fearful, hesitant, or stand in dread of the difficulties of the unknown future but go forward with resolution and determination, not doubting that the God of our fathers, the God and Father of Our Lord Jesus Christ will find a way for us.

I project this thought for your consideration. What has fearfulness, hesitancy and dread of difficulties ever done for anyone? Is it not true that some people have worried themselves

into an early grave in fear of something which never happened? Is it not true that the hesitant person often arouses himself to find that life's great opportunity had come when he was unready. And, very often the dread of some difficulty turns out to be greater than the difficulty when it is met and grappled with and overcome.

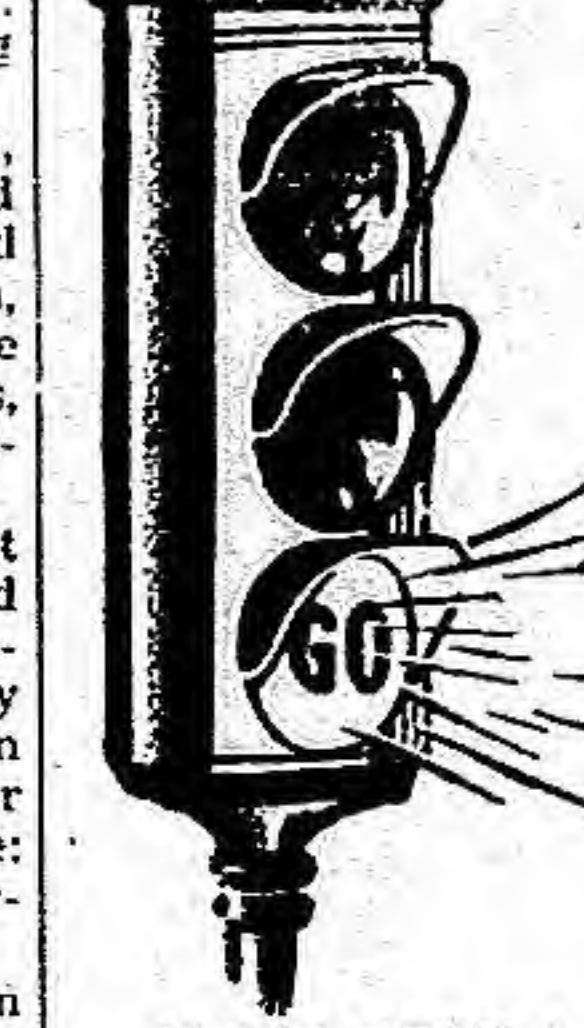

So to the forward marching servants of God in our churches,

in the nation and in Newmarket I suggest that we attend to the voice of God, speaking many years ago through the medium of His servant Moses and applicable for us today: "Speak unto the people that they go forward."

More and more we are convinced that the poultry raiser who starts his "main crop" of chicks in January or February is the one who clears the most money.

January and February-hatched pullets come into lay just as egg prices begin to go up. They are in full lay right through the highest prices of the year. They reach full production of a large size just when premiums for size are widest. And early cockerels should be ready for market when demand and prices are strongest.

With the fall British egg contract prices already set at the same level as last fall, this looks like an extra-good year to start extra-good chicks extra-early.

"The Bray chick does the trick"

Bray Hatcheries are ready, right now, to supply you with those extra-good chicks. In fact, we can even supply a limited number of started chicks. Bray chicks have many years of careful selection for both meat and eggs behind them and consistent care in pulchrum testing, egg selection and incubation. Before you choose your chicks, ask for our catalogue and price list, and remember, the scramble for shipping dates is already on.

Margaret Davis Memorial Wing

York County Hospital

Officially Opened

View from north west of York County hospital shows the main entrance of the old part of the building which was opened in October, 1927.

On January 1, 1946, the board of directors of York County hospital declared the new Margaret Davis Memorial Wing officially open. While the building itself has been completed for some time, unavoidable delays in securing necessary equipment and furnishings held up the contemplated ceremonial opening and in the interim, faced with the demand for additional beds, it was found necessary to make use of the new wing as fast as the furnishings and equipment were available. These events rendered the fulfilment of original plans impractical and inadvisable and it was decided by the donors and the hospital board to dispense with all formalities in connection with the opening.

York County hospital is an achievement of which every citizen of Newmarket and of York County at

CAPT. AUBREY DAVIS

large can be justly proud. For the last few years the crowded condition of the old hospital has presented many problems to the board and management and it was not until the receipt of the very generous offer of Aubrey, Andrew and E. J. Davis, Jr., to build a new wing in their mother's memory that relief of the congestion appeared in sight.

The gift of the new wing, however, while relieving the over-crowded condition of the old hospital, presented new problems connected with the financing of work of linking up the old hospital with the new wing, equipping and furnishing, producing a new elevator, heating plant, etc., all of which cost in the neighborhood of \$85,000. These problems were faced and with the magnificent support of local and out-of-town subscribers, successfully solved, so that today we have right at our door one of the finest and best-equipped hospitals in Ontario.

The Margaret Davis Memorial Wing was erected during 1944 and 1945 at a cost exceeding \$70,000

E. J. DAVIS, JR.

ANDREW DAVIS

entirely borne by Newmarket's three Davis brothers who, as well as endowing three fully-equipped private wards, have also presented a magnificent painting of their mother which now adorns the main hallway of the new wing.

The citizens of Newmarket have every reason to appreciate the generosity of these benefactors to the community and will heartily concur with the sentiment expressed by the Davis brothers that "no more fitting tribute could be paid to a mother's memory".

The new wing, comprising three floors, is approximate in area to that of all the old building. It is fire-proof constructed of durable stone, brick and concrete. The interior is efficiently laid out and fitted with the best modern heating, plumbing and lighting facilities and fixtures for the maximum convenience of patients,

doctors and nurses. The wing provides space for 23 additional beds and 15 bassinets, a complete maternity section, a new x-ray department and laboratory as well as utility and store rooms, etc.

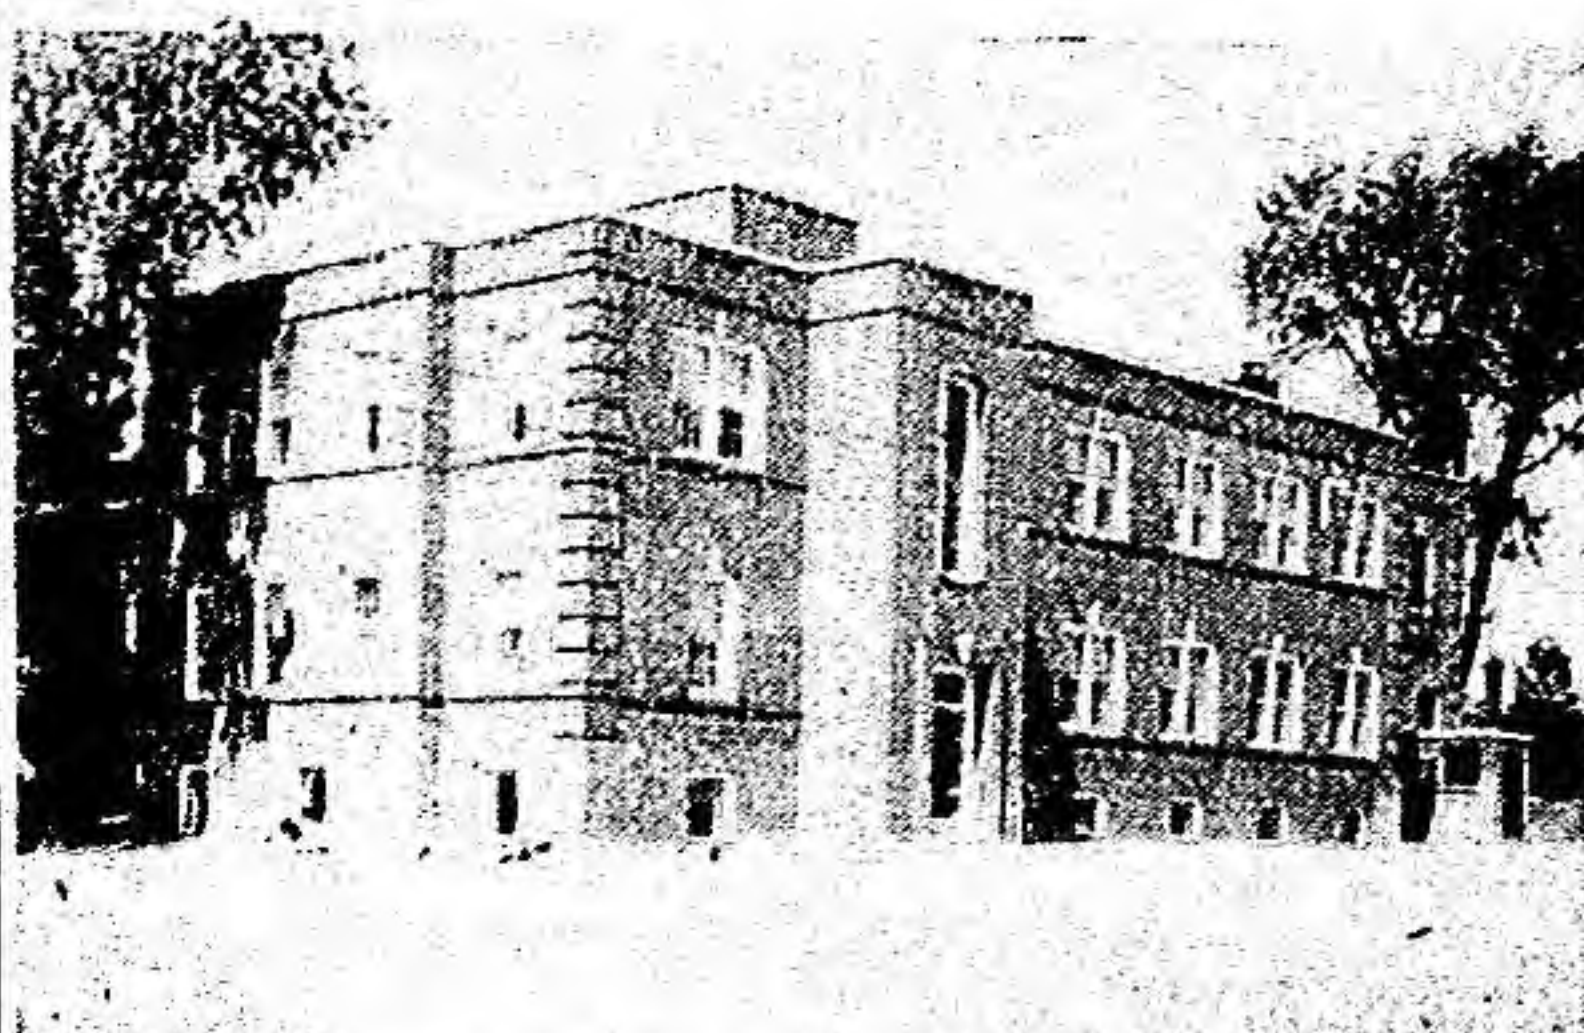

X-RAY EQUIPMENT DONATED IN

MEMORY OF LATE THOMAS SISMAN

The new x-ray department, through the generous donation of Mr. Wm. J. Sisman in memory of the late Thomas Sisman, founder of the T. Sisman Shoe Co. Ltd. of Aurora, has been completely equipped at a cost of some \$10,000. Modern and up-to-date in every way, the x-ray unit, fluoroscope and fracture table, comprising this installation provides everything needed for visual and photographic examination and diagnosis.

OFFICE SPECIALTY EQUIPS NURSERY

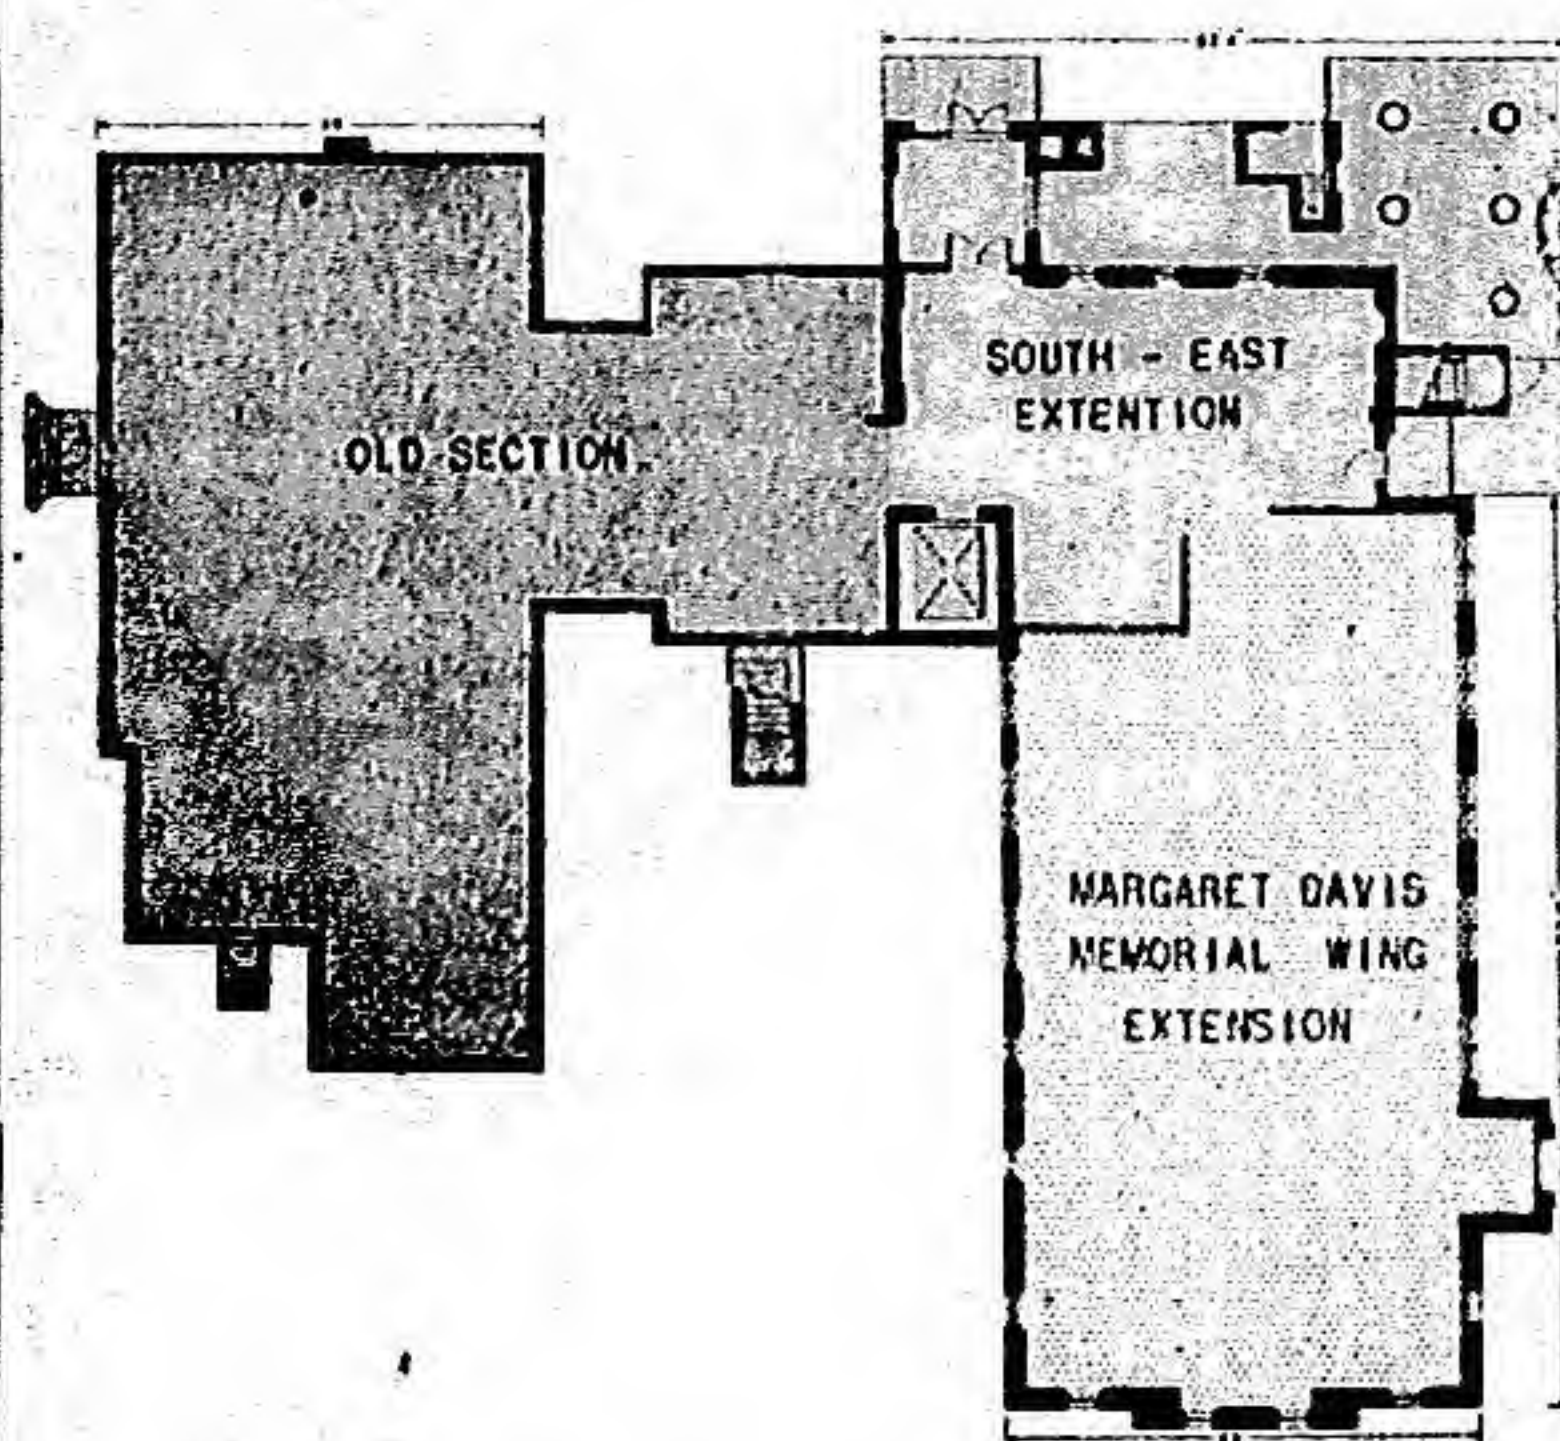

The new nursery is an interesting and note-worthy feature of the new wing. It has in all ample accommodation for 15 infants. Each child will have his (or her) private, white-enamelled steel and glass-panelled cubicle fitted with bassinet and specially-designed conveniences. Isolated from immediate contact with extraneous sources of contagion, the nurse only having access to the department, nothing has been left to chance in the protection of each young individual. Cubicles, partitions and other equipment of the nursery were manufactured and donated by The Office Specialty Mfg. Co., Newmarket.

The Margaret Davis Memorial Wing from the south west. Comprising three floors, it is approximate in area to that of the old building. Fireproof constructed of durable stone, brick and concrete, it has been laid out and fitted with excellent modern heating, wiring and plumbing facilities and fixtures for the maximum convenience of patients, nurses and doctors.

With the addition of a new elevator, a new heating plant and entrance and reception room on the east side as well as new connecting corridors auxiliary to the new wing, ample accommodation for the present and immediate future is now available. Just recently the board acquired additional property and a lane-way adjacent to the hospital, which provides space for additional extensions in the future.

Original plans included additional kitchen, dining-room and laundry facilities but these were postponed for lack of funds. However, these additional facilities

The above plan of hospital area, drawn to scale, demonstrates the scope of recent extensions which more than double the floor area of the buildings.

MRS. MARGARET JOHNSTON DAVIS

are urgently needed and plans are already prepared for further construction to provide them as well as provide for additional ward space, which it is expected will be needed in the near future.

The members of the board wish to express their sincere thanks and appreciation to all those who have so generously contributed financially and otherwise to the success of this expansion program and to express to W. H. Eves, president of the board and member of the original board, who has given so unselfishly of his time and services in supervision of the construction of this new project.

Mrs. R. Hodgkinson Heads Poll, Is First Woman On P.S. Board

Mrs. Robert Hodgkinson made municipal history on Monday when she became the first woman ever to be elected to Aurora public school board or municipal office here.

Mr. Hodgkinson, mother of five children, past mistress of Queen Mary L.O.B.A., and a member of the executive of the Aurora Home and School club, was making her first start in municipal life and she not only won election but headed the poll over three male opponents.

Dr. C. J. Devins, a member of the board for 26 years and chairman for a quarter of a century, won re-election and finished in second place. Herbert Stocks, 64, 82, 52, 47, 293; Hodgkinson, 64, 81, 105, 44, 31, 305; Stocks, 44, 62, 97, 48, 35, 286.

In several years previous, women have contested municipal office locally without success. Mrs. J. D. Wilcox and Mrs. C. J. Devins are members of the Aurora high school board.

The vote in wards one to five respectively with total: Davis, 29, 53, 75, 46, 31, 234; Devins, 48, 64, 82, 52, 47, 293; Hodgkinson, 64, 81, 105, 44, 31, 305; Stocks, 44, 62, 97, 48, 35, 286.

Davis, who had served on the board for 20 years.

With no other municipal offices contested, less than 50 percent of those eligible to vote went to the polls, a total of 593 casting their votes. Dr. Devins headed the polls in wards two, four and five, while Mrs. Hodgkinson was the leader in wards one and three.

Dr. C. J. Devins, a member of the board for 26 years and chairman for a quarter of a century, won re-election and finished in second place. Herbert Stocks, 64, 82, 52, 47, 293; Hodgkinson, 64, 81, 105, 44, 31, 305; Stocks, 44, 62, 97, 48, 35, 286.

Mercantile League Will Get Underway Tuesday

Official opening of the Aurora Mercantile hockey league was postponed on Tuesday when the mild weather prevented the making of ice at the local arena. The league will get underway Tuesday, Jan. 15, at 8 p.m. with Mayor Ross Linton and other civic officials present.

Owing to the schedule laid down, instead of the four local clubs meeting, the first of the inter-town schedule will get underway, with the strong Newmarket Veterans' team headed by Myles Macinnis and Gordy Bone, former Aurora junior stars, meeting Zephyr Blues, who have won the John Bowser trophy for the past two years.

Zephyr has added Leon Smith, former Sutton Green-shirt goalie, to their roster, and with such favorites as Joe Peat, the Lunney brothers and Bohmer Groves, will be tough to beat.

In the nightcap, Ballantrae, led by the veteran, Herb Simpson, with Broadway of Markham juniors and "Whitey" Williams and "Chub" Spence, ex-Stouffville juniors, in tow, will meet Roche's Point, who is the dark-horse of the inter-town schedule, and is reputed to be a fast, hard-checking team.

Ewart Pinder will handle the referee's whistle. Fans will see the new 1945-46 rules in force for the first time.

Back From Overseas

Arriving home from overseas in recent days have been Sgt. Kenneth Brown, Pte. Vic Hanson, Pte. Harold Snooks, Gnr. Allan Gleave and PO Douglas Nisbet.

Sgt. Brown, well-known Aurora and district athlete, son of Mr. and Mrs. Jack Brown, Oak Ridges, was a member of the Queen's York Rangers N.P.A.M., going active with the unit. He trained at Niagara, Camp Borden and Dabert, going overseas in 1943. He was assigned to duty with the Argyll-Sutherland Highlanders and went into action on the western front with that unit and through to Germany.

He served in Italy where he was wounded and then was hospitalized to England. He is now fully recovered. He was at one time employed at Mary's Fruit Store.

Pte. Snooks, R.C.A., enlisted from Toronto in 1943 and was overseas over two years. Pte. Snooks' wife resides on George St. with her mother, Mrs. John Watson. Four brothers-in-law served overseas, two having returned home and two being expected shortly.

He saw service in Labrador and Newfoundland before being posted overseas. He saw action on the western front and in Germany. A brother, Donald, paid the supreme sacrifice and another brother, William, returned from overseas in late December.

PO Nisbet, son of Mr. and Mrs. Colin Nisbet, graduated from Centralia in 1943 as a bombardier. He has served overseas with the R.C.A.F. for over two years, seeing plenty of action. He has added a little weight and appears the picture of health.

Playfair Brown, who way back when was one of Toronto's big boxing promoters, has been granted a boxing license once again by the Ontario Athletic Commission. Playfair will be remembered as one of the originals of Newmarket camp, its sports n.c.o. in fact. Discharged from the army, he has been in the insurance business but can be depended upon to stage some good mitt shows.

Ronnie Rowe, who five years ago was the top-ranking forward in junior hockey in the district and played with Markham juniors, is performing in senior ranks this winter for Halifax navy. Rowe has strings attached by Toronto Maple Leafs and he has added size and weight since playing junior. With the Halifax tars are two other well known puck-chasers. Bill Armstrong, who started his junior career with Aurora Pepsis and ended it in the same group with navy juniors, is on the same front line as Rowe. Armstrong, it will be recalled, also played for Markham juniors and last winter performed briefly for Toronto navy seniors before being posted elsewhere. Pepper Martin, former St. Andrew's College and Aurora Tigers defence star, is on the blue line for the bell bottom trousers' crew and is bumping them high, wide and handsome as well as looking good offensively.

Vic Coombs, former Bradford lacrosse exponent as well as Toronto Varsity, aside from being a member of the village council, is the new master of Simcoe Lodge A.F. and A.M. Up at "The Mount", Howard Morton, former president of Aurora junior hockey club and ex-promoter of the Old Mill A.C., is worshipful master of the Orange Lodge at that centre.

A bonspiel to which all district curlers are invited is being readied for February 6 by the boys with the broom and stone at Sutton. Gordy Calder is in charge of entries. The Sutton club has nearly 50 members this year and the oldsters, including Ellis Pringle, are having plenty of fun.

Art Trent was in town at the weekend and he reports his two boys, Edward and Clarke, are playing junior C hockey this winter for Lindsay midgets. The Trent boys were coming along nicely when the family left the district and last year they played bush league. Ed is playing left wing, Clarke at right and with a lad called Nichols, they are carrying the mail for the Lindsay team. Art, who was one of the leading hockey fans of the district, had hoped to catch a look at the local mercantile circuit but instead, he saw Charlie Rowntree's Richmond Hill team in action. Art opines that the rotund Rowntree has a neat team in hand that should go far.

Lindsay is playing in the east section of the same group as Stouffville and when play-off time comes, he hopes to follow the midgets this way. Lindsay and Aurora were opponents in the junior C series year after year and Art sez "It's a good job they won't meet this year for it'll be mighty tough after all these years to cheer against Aurora".

The Rumney brothers, George and Jack of Victoria Square, who played with Richmond Hill juniors and Richmond Hill high school last winter, are with the newly-formed Stouffville junior C club. Also noted in the line-up are Keith Jewitt, Bob Sellers and Lyall Petch, three of the best young ball players on the 1945 Milliken baseball club. Gordy Lewis, Lou Raxlin (goal), who played with Stouffville kids, are with Bruce Harper's club and other local products include Earl Lehman, Pep Parley, Campbell, Al Wells, Jack Warriner and Burkholder. Not quite as many hometown kids on the team as expected but they are all from within a few miles. Another year, Markham is likely to put the snatch on some of them or we miss our guess. That's the way hockey works and you have to gain the experience the hard way.

Sgt. Tubby Barrow, former Aurora-Richmond Hill hockeyist of yesteryear, has returned from overseas.

Harry Caradonna and Pink Tunstead have both impressed Coach Eddie Burke of Burke Colts and the Burke fans with their fine play and have been signed a certificate for the season. We have no hesitation in predicting a good season for both. It's a funny thing but true in many cases, that a player performs much better away from home than before those who know him best (and are quicker with the hatchet). Caradonna on New Year's Day got a wallop over the head which required nine stitches to close from the stick of one of the Midland players.

Harry Eade has deserted the Vandorf-Aurora Combines this year and is playing for Bethesda in the Stouffville bush league which got under way last week. There are six clubs entered, Dickson's Hill, Peaches, Vivian, Bethesda, Lemonville and Baker Hill. They do battle at Stouffville on Thursday's and once in a

while on Mondays with double-headers prevailing. Some of the boys who play on the Ballantyne team in the Aurora league are listed with some of the teams in this league but are not likely to see much action since the Aurora-Newmarket nights interfere in many instances.

Ted Hipwell, who played both junior lacrosse and hockey for Bradford and now has a general store at Bond Head, is the new president of the South Simcoe softball league which is all ready for another year. Ken Hughes, Fennell's Corners, is secretary and Joe Martin, Bradford, is treasurer. Six teams at least will take to the diamond in the spring. Nice to have your plans all signed, sealed and ready to go.

Sgt. Alex Mathewson, R.C.A.F., better known to the hockey fans and snooker players as "Red", left Camp Borden on Monday for Ottawa. Red intends to stay in the permanent air force and he expects to be stationed in Ottawa for some months.

George Stockwell, who was trainer of the Newmarket Redmen in the days of Bill Hancock, and later trainer of Toronto Argonauts and athletic director at Upper Canada College, was awarded the British Empire Medal in the King's New Year's list. George is regimental sergeant major at Camp Borden military hospital and has been doing a good job in a difficult spot. He hopes to be out by next fall. Bobby Love, ex-Toronto navy star forward of last winter and before that with Oshawa Generals, is out of the navy and is turning on the heat this winter with Quebec Aces in the Quebec senior league.

No sentiment in professional sport? We often hear that one but over at Boston the other evening, one of those rare things that warm the cockles of the heart occurred and our good friend, Herbie Cain, was involved in the incident. As anyone can tell you the real "yard wide" hockey fans in the pro circuit are the ones who sit in the third tier seats (greys at the gardens), and are more particularly referred to as the "gallery gods".

Down in old Beantown the lads and lassies from the gods clubbed together to buy two wrist watches, one for Terry Reardon, making a gallant comeback after being wounded overseas, and another for the pride of Newmarket. We'll bet nothing in his entire career has pleased Herbie more or will be treasured by him down the years. It was a tribute to two game guys who always give their best every time out and are a credit to professional sport.

A donnybrook broke out at Sutton last Friday night with two minutes to go in a game against Oakwood. Sutton was awarded the game 9-2, the score they were leading by when the general melee started. Players started slugging after some stiff checking and spectators joined in the fray. The sound system played God Save The King, generally a life saver in such a situation, but it didn't deter those in action because if you stood to attention, somebody hopped you on the noggin. Then the lights were put out and it was a case of every man for himself. Whether or not the O.R.I.A. will take any disciplinary action remains to be seen but the whole situation is to be deplored and whoever was responsible for the fight should be dealt with. Incidentally, we will deal with the O.R.I.A. set-up shortly, having received the dope from Secretary Horace Ovenden, who is interested in seeing the district produce some rural hockey league entries from these parts.

Richmond Hill opened its circuit last Thursday night with Combines, Richmond Hill, Maple and Woodbridge in action. From all reports it was a big success but the boys were a bit robust in their play. Eward Pluder, who has been booked to handle games in the Aurora league this winter, suggests that the referees at Newmarket and Aurora be alternated by the executives of the two leagues. It looks like a good suggestion. Eward also suggests that it will probably be found two officials will be needed under the new rules, not that he doesn't want to handle a game alone but simply for the entire satisfaction of the fans and teams. A few games will determine this point. Certainly, as never before, the matter of offside and icing the puck are going to require quite a bit of attention, let alone handling the discipline of the players.

For those interested, a linesman is out there to call the offside only. He can't inflict a penalty and only volunteers any information when requested to do so by the referee. Next time you see two officials in action, don't be too hard on the referee if the linesman doesn't call offside and on the linesman if he lets a rule infraction go under his eyes. To do a good job, both officials have to work like a team.

Charlie Rowntree has his Richmond Hill team going great guns in the junior B series but they will find things tougher from now on as the teams are all

strengthening. Normie Stenden, who has been in goal the past two years, is still in the nets but this year alternates with Red Palmateer, the up-and-coming young Newmarket custodian. Both boys, it will be recalled, were teammates in the baseball playdowns. There is little to choose in actual ability.

Herbie Rose, stocky homebrew, heads the defence quartet which now features Len Smith, the star blueliner of last year's good Port Credit team. "Smitty" is really a coming star. Mac Clement, another homebrew who was out most of last season with an injured leg, teams with Blondie Blakely, who has returned to the team after a year in a company with Young Rangers. This duo is as good as the other and it is doubtful if any district coach ever had as good material. Don't forget that Jim Smith, the Newtonbrook boy who is an alternate forward, can play a bang-up game on defence.

Son Rowntree centres the first string line and is improved over other years. Aurora's Bill Muddell holds down right wing and we don't need to beat the drums on his behalf. Hank Galbraith, who resides in Oakville but played last year for Port Credit, holds down the left rail in spectacular style. Only trouble here is that the newly-formed Oakville club has laid claim to Galbraith's services and the matter now rests with the O.H.A. executive.

Earl McCrone, who made his debut with the team last winter, (Page 7, Col. 3)

KETTLEBY

Rev. and Mrs. Cragg spent
Sunday in Peterborough attend-
ing the funeral of Mr. Cragg's
brother.

Mr. and Mrs. John Mathewson
have moved to their new home
in Aurora.

Mrs. Ross Marchant and fam-
ily spent Sunday with Mr. and
Mrs. Harry Dale of Tottenham.

The Christian Endeavor Young
People's will meet next Monday
night, Jan. 14, under the lead-
ership of the devotional convener,
Miss Laura Black. Harold
Abbott, Schomburg, will be
guest speaker.

In the shipyards of Messrs.
John Brown at Clydebank, Brit-
ain, a 32,000-ton liner is being
constructed with prefabricated
sections built in various parts of
the country. The new ship is
being built for the Cunard White
Star line and is the first example
of the application of the new and
speeded-up method to British
passenger liner construction.

sults.

DOWN THE CENTRE

(Continued from Page 6)
pivots the second line in Primeau
style. Bus Dunn returns to the
team after a semester with the
R.C.A.F. and all the better for
it too. Neils Haddleton, last year
with Victory Aircraft, is on right
wing patrol and there's none
better in B. As if all that wasn't
enough, Rowntree has snared a
lad back from the army by the
name of Fox and he's plenty
good enough to fill in anywhere.
The solution to so much play-
ing talent is that every game one
goalie and one player from the
rest of the team on a shift basis
sits out of his own accord. So
far it has worked out well. In-
juries or player loss will per-
haps end this unusual situation.
Rowntree couldn't get to Oshawa
the other night as the family
jalousy got a bit temperamental
so Grant Nighswander handled
the team and did a good job.
The crowds at the games have
been good so far but the Hill
team is none too happy over the
fact that they are on the late
part of a double-header each
Friday night and the ice isn't all
it might be. Ho hum, looks as
if that Rowntree man has an-
other potential cup winner
percolating. Here's the menu for
hockey next week if we get the
weather.

14, O.M.H.A. hockey; Tuesday,

QUEENSVILLE
SCHOOL GETS NEW
HOT WATER HEATING

The public school re-opened on
Monday of this week. The
pupils had two extra days holi-
days because the new heating
system was not completed until
the end of last week. This new
heating system is hot water
heating and the two rooms with
the cloak-room and hallway are
now equipped with radiators and
are evenly heated.

The Arctic Lockers owned by
B. Aylward are now ready for
use. The new building will have
over 200 lockers, and we under-
stand that many customers are
awaiting the opening. It is ex-
pected that by spring every
locker will be in use.

Miss Gwen Boyd is in the
Lockwood Clinic, Toronto, where
she had an operation. She is
progressing favorably.

Joe Jardine, who has had an
operation in Toronto, is pro-
gressing favorably and expects
to be home in about ten days.

Three Merchants Fined
On Ceiling Charges

Three district storekeepers,
Lloyd Pivnick, Sutton, William
Vail, Keswick, and W. E. Pur-
dy, Indianapolis Beach, pleaded
guilty to infringements of the
wartime prices and trade board
ceiling and were fined \$100 and
costs, \$75 and costs and \$25 and
costs respectively in magistrate's
court here Friday. Magistrate
W. E. McIlveen presided. N. L.
Mathews, K.C., was special pros-
ecutor.

Pivnick and Vail also pleaded
guilty to charges of failing to
have prices marked on all mer-
chandise.

W. F. Lambert testified that
he visited the stores of the three
accused and had taken down
prices of goods sold by the
stores. C. R. Y. Giffin, prices
board officer, testified that in
each of the three stores, items
were being sold over ceiling
prices.

Replying to the charges that
goods were not price-marked,
Vail said that he had been using
part of the store for storage
space. Pivnick said that his
shelves were being re-arranged
when the investigator entered.

It is the desire of the war-
time prices and trade board to
prevent all infractions of the
price ceilings and while the
amounts on the individual items
are not large, they mount up,"
said Mr. Mathews. He asked
that the penalties be set on a
basis determined by the size of
the store.

Remanded from before Chris-
mas on a charge of failing to
have filed income tax returns
for 1942, Wm. J. Porter, Cedar
Brag, was fined \$25 and costs.

Accused declared he had filed
the tax return and was given the
remand in order to bring the
duplicate return which, he said,
he had at home. On the witness
stand Friday, accused said he
had been unable to find his du-
plicate form but repeated his
assertion that he had sent in the
return.

Mr. Mathews, special prosecu-
tor, said that he had caused an
additional check to be made of
the tax records and that there
was no evidence of accused
having sent in his return.

Gordon Cain and Howard
McGuchin were found guilty on
illegal possession of liquor and
fined \$10 and costs each. Con-
stable Wm. Hill, Sutton, testi-
fied that he found two bottles
of wine in the car being used
by accused at Belhaven.

Remanded from before Chris-
mas on a charge of being with-
out his hunting license, Charles
Stevenson was fined \$25 and
costs. The remand had been
given to enable a check of the
date of the license accused said
he had at the time the charge
was laid. Gordon Sitwell,
game and fishery department,
testified that the license of the
accused had been dated a month
earlier than the actual date it
was issued.

Of the loss of those we loved so well. And while they sleep a peaceful sleep. Their memory we shall always keep. Ever remembered by children, Mabel, Bessie, Rena and son, Bill.

Huston—In loving memory of our mother, Emily Huston, who passed away January 11, 1944. While you, dear parent, rest and sleep. Your loving memory we will always keep. Ever remembered by daughters, sons and grandchildren.

Jones—In loving memory of a dear brother and uncle, John W. Jones, who passed away two years ago on January 14. Beautiful memories he left behind. A more loving brother you will never find. Straightforward and good in all he's done. Everyone's heart he always won. He has not left us altogether. For in our hearts he lives forever. Too dearly loved to ever be forgotten, sister, Mildred, brother-in-law, Ted, and nephew, Beverly, Owen Sound.

Jones—In loving memory of a dear son and brother, Johnnie Jones, who passed away suddenly January 14, 1944. A face so loved, so sadly missed. His smile that was so bright. He was so thoughtful, good and kind. Time cannot blot him from our mind. Only a grave but it still needs care. For the one we love is resting there. Sweet flowers we lay upon his breast. Placed there by those who loved him best. Lovingly remembered by mother and father, brothers and sisters of Owen Sound.

Morton—In loving memory of our dear mother who passed away January 8, 1939. Those whom we love go out of sight. But never out of mind. They are cherished in the hearts. Of those they leave behind. Loving and kind in all her ways. Upright and just to the end of her days. Sincere and true in heart and mind. Beautiful memories she left behind. Ever remembered and sadly missed by Vera and Melvin.

Pipher—In loving memory of mother, Mary Ellen Smith Pipher, who passed away Jan. 7, 1942. Peaceful be thy rest, dear mother. It is sweet to breathe thy name. In life we loved you dearly. In death we do the same. Sadly missed by son, Norton, and family.

Stephenson—In loving memory of our dear son, Sgt. Wesley Charles Stephenson, M.M., Irish Regt. of Canada, killed in action Jan. 4, 1945. Buried in Italy. He is gone, but not forgotten. And as dawn another year. In our lonely hours of thinking. Thoughts of him are always near. Days of sadness will come o'er us. Friends may think the wound is healed. But they little know the sorrow That lies within the heart, concealed. Lovingly remembered by mum and dad.

Stephenson—As long as I live, I will cherish his name. In memory I see him, ever the same. Still in my heart he is living yet. For I loved him too dearly ever to forget. Ever remembered and sadly missed by his wife, Clara.

Stephenson—Somewhere in Italy, in a soldier's grave, Lies our dear brother among the brave. He never shunned his country's call. But gladly gave his life, his all. He died, the helpless to defend.

Stephenson—But this we know That tears are not the tokens of despair. Nor sighs the voiceless echoes of our hopes. If virtue lives, so hope, immortal pair, Shall touch with cheer our sorrows utmost scope. And blunt the keenest dart that sores man's heart. And so we hope. Elva, Jos. and Bob.

Stephenson—We are thinking today, dear Wesley, Thinking of you and the past, Picturing you in our memory. Just as we saw you last. We do not need a special day To bring you to our mind. For days we do not think of you Are very hard to find. If all the world were ours We'd give it, yes and more, To see your happy, smiling face Coming in the door. Sadly missed and lovingly remembered by brother, George, sister-in-law, Mona, Lionel, Joan and Dianne.
